Globe Valve Angle type (in NB):

Sr No	SIZE (SOCKET)
1	15 NB
2	20 NB
3	25 NB
4	32 NB
5	40 NB
6	50 NB
7	65 NB
8	80 NB
9	100 NB
10	125 NB
11	150 NB
12	200 NB
13	250 NB

Globe Valve "Y" type (in NB):

Sr No	SIZE (SOCKET)
1	15 NB
2	20 NB
3	25 NB

BUTT WELD
AVAILABLE FROM 32
NB TO 250 NB

Ball Valve (in NB):

Sr No	SIZE (SOCKET)
1	15 NB
2	20 NB
3	25 NB
4	32 NB
5	40 NB
6	50 NB

We are highly pleased to present you the short description,

- 1) Production takes place with quality maintained high accuracy CNC machines which proves to sustain the finishing quality of jobs.
- 2) Reverse locking system to provide the ease with maintenance as in for gland changing, etc.
- 3) Pressure testing conducted in hydraulic type with the pressure of 30- 35 kg, holdup up to 5 min.
- 4) Fabricated valves uses MS seamless pipes with end connected socket weld to go with NB pipes available in socket and butt joints.
- 5) Teflon seat used for perfect sealing purpose accompanied by Teflon square gland packing.
- 6) The valves supplied will be attached with material TC report as well as inhouse Pressure Testing report.
